

# A Learning Challenge – The London Game

## Your challenge is to ...

Plan a two-day visit to London for a group from the school.

## About the visit ...

- You are arriving in London at Paddington Station at 8.15 a.m. on Day One and you will be leaving from the same station on Day Two at 4.00 p.m.
- There are two events that are fixed at set times – a Theatre Visit and a visit to Madame Tussaud's (you will spend three hours at each of these events).
- You will be staying overnight on Day One at HMS Belfast (nearest Tube: London Bridge).
- You have to sequence the five other events in the best possible order to make them fit around the two events that are already fixed.
- You should plan to spend at least an hour at each of the five events.
- You will be told the nearest Tube station to each of the places that you are planning to visit. You will travel around London by Tube and should assume that it takes two minutes between stations on the Tube and about fifteen minutes from the Tube to where you want to go.
