

Linking Ideas — Planning

Reflectiveness — Planning

When you use this learning muscle, you ...

- think about what you want to get out of learning
- assess which resources you may need
- estimate how long it will take you
- plan the steps you might take
- anticipate what might get in the way

Which of these pictures best conveys the idea of planning?

What makes you say that?

Jumbled planning

In what order would a good planner do these things?

- ☐ Sort out what resources they will need
- ☐ Understand the problem or challenge
- ☐ Decide how long it will take you
- ☐ Think about the obstacles you might meet
- ☐ Decide the success criteria
- ☐ Think about what you will need to do
- ☐ Think about what you want to achieve

What do we mean when we say ...

“ All roads lead to Rome.
Hit the ground running.
Cross that bridge when
you come to it.
Starting with a clean slate. ”

Think of a character from a book, film, poem, etc. who is a good planner.
