

# Learning about Persevering

I showed that I believe that effort will pay off

I was interested in a mistake that I made today

I kept going even though it was hard

I acted on feedback from my teacher

I thought ahead about what I was trying to do

I kept going because I was interested in . . . .

Today I decided to . . . . .

I ...

I took on something that I knew was going to be tricky

How well did I stick at my learning ?
