

Learning about Collaborating

I showed respect to my team mates by

I changed my mind because my group suggested

I thought about how well we worked as a group

I helped a team mate today by

I helped to pull together the information that we needed

I suggested an improvement to someone else's idea

I took on a new role in my group today

I ...

I sorted out the order we needed to do things in

How well did I learn with and from others ?
