We were patient with each other				
We pulled together as a team				
We encouraged each other to contribute				
We set realistic goals				
We checked how our plan was going				
We talked about how we had performed as a team				
We showed respect to the views of others				
We were confident in each other				
We built on and developed the ideas of each other				
We had a good plan that identified what we needed to do				
We had a plan that identified the order we would do things				
We all played to our individual strengths				
We were thoughtful about how the team was performing as we were working				

Our targets for improvement:

1 = didn't do this

2 = did it a bit

3 = did it some of the time

4 = did it most of the time
