

Staff Survey — Bronze

1	I think there is a need to think differently about what we are doing as a school	definitely	3
		sort of	2
		no	1
2	I try to understand the theories behind the learning approaches we are using	yes, always	3
		sometimes	2
		not interested	1
3	I am introducing a learning language to my students	frequently	3
		now and then	2
		no	1
4	I feel confident to try out new things in the classroom	yes	3
		so-so	2
		no	1
5	I'm developing as a practitioner through self-reflection and coaching	yes, regularly	3
		infrequently	2
		no	1
6	The school is thinking about how to spread learning-to-learn throughout the curriculum	yes	3
		maybe	2
		don't know	1
7	I draw students' attention to the range of learning behaviours they use when learning	yes, regularly	3
		sometimes	2
		never	1
8	I have experimented with making the classroom more learning-centred	yes, plenty	3
		sometimes	2
		no, never	1
9	I have invited students to become more involved in designing projects and experiments	yes, frequently	3
		sometimes	2
		no, never	1
10	As a team we have explored how we might report learning behaviours to parents	yes, enthusiastically	3
		yes	2
		no, not relevant	1
11	I believe that students should have personal learning- to-learn targets	strongly	3
		so so	2
		no	1
12	I think the school knows a lot about itself through its monitoring and evaluation systems	yes,	3
		not sure	2
		no	1
