

Team Leader Survey — Bronze

1	As a team we have explored the need to review the school's vision for learning	with relish	3
		half-heartedly	2
		not done this	1
2	As a team we explore the theories that underpin the school's current approach to learning	with interest	3
		because we are told to	2
		never done this	1
3	Some members of the team are trying out an emergent language for learning with students	often	3
		sometimes	2
		no	1
4	I support members of my team to experiment with new ways of working	increasingly	3
		occasionally	2
		never	1
5	My training in coaching skills is helping me to support the team in making cultural changes	yes	3
		sort of	2
		not trained in coaching	1
6	I have explored, with my team, ways of adapting the curriculum to better accommodate students' learning habits	increasingly	3
		occasionally	2
		never	1
7	Teachers in the team are exploring and discussing learning behaviours with their students.	most of them	3
		some of them	2
		none of them	1
8	As a team we have been experimenting with developing the learning culture of classrooms	regularly	3
		sometimes	2
		never	1
9	Team members involve their students in the design of projects or investigations	most teachers	3
		some teachers	2
		none of them	1
10	As a team we feel that reporting the development of students' learning behaviours to parents is...	desirable	3
		possible	2
		not worth the effort	1
11	The team discusses what progression in learning habits might look like	frequently	3
		sometimes	2
		never	1
12	The team acts on monitoring data about practice and outcomes in order to improve what we do.	regularly	3
		sometimes	2
		never	1
